

4TH INTERNATIONAL CONFERENCE ON CONDENSED MATTER & APPLIED PHYSICS

ICC

OCTOBER 21-23, 2021, BIKANER

4th International Conference on Condensed Matter & Applied Physics (ICC-2021) will be held on October 21-23, 2021. ICC-2021 will be a major conference organized with the objective of bringing together researchers, developers and practitioners from academia and industry working in the area of Condensed Matter & Applied Physics. Original, previously unpublished and high quality research papers addressing research challenges and advances in Condensed Matter & Applied Physics would be appreciated. All Selected and presented papers will be submitted for publication with AIP.

The proceeding of ICC-2021 will be published by American Institute of Physics. The Proceeding will have a Volume number, ISBN, ISSN, and will be registered with the Library of Congress.

Scope & Topics

- ✓ Nano Materials, Nano Optics & Electronics
- ✓ Phase Transition, Quantum Fluids and Solids
- ✓ Insulators, Semiconductor & Dielectric Material
- ✓ Photonic materials & Plasmonics
- ✓ Single Crystals & Novel Materials
- ✓ Organic, Inorganic & Biomaterials
- ✓ Glasses, Ceramics, Polymers & Composites
- ✓ Surface, Interface & Thin Films
- ✓ Electronic Structure & Phonons
- ✓ Thermodynamic, Structural & Mechanical properties
- ✓ Computational methods, Simulation & Applied Physics
- ✓ Others
