

Teaching and Research Contributions and Innovations

Dr. M S Shekhawat

M Sc, M Tech., Ph. D.

Responsibility

- Assistant Prof. In Physics, Govt. Engineering College Bikaner
- Head, Physical Testing Laboratory, CERDC, Bikaner

Highlights

- Since last five years I am teaching M Sc Physics students. I taught Numerical Analysis, Solid State Physics, Statistical Physics and Quantum Mechanics to PG students. Solid state physics is my field of interest.
- My recent research interest has focused on thermal study of clay material and glass ceramics.
- No. of publications in national and international journals are 17.
- Around 12 papers presented in national and international conferences
- 9 books published as author or co-author like text book, practical book, abstract book and conference proceedings.
- Organized three International Conferences, one national seminar, and two workshops.
